

## Welcome to Planet Soda!

The most successful and fastest growing soda brand in India with the highest success ratio compared to any other Soda brand.

Planet Soda is the only Soda brand to provide more than a dozen variety of Healthy Sodas made from Real fruits without adding any artificial colours or artificial flavours.

Planet Soda offers the best quality custom made Soda dispensing machines according to customer specification sizes ranging from 8 flavours to 45 flavours.

The main reason for the unprecedented success of Planet Soda is its unique and never before seen features and services like:

- Continuous Research & Development of new & unique products in the Food & Beverage Industry
- Highest customer retention
- India's fastest growing soda vending brand
- Use of Natural flavours
- Development of Innovative & New Healthy foods
- One of India's largest and Direct service team

Planet Soda is not a company that concentrates just on marketing and selling machineries to unwary clients and customers who are looking to start up a new business.

We give proper guidance and knowledge about soda shops and soda business to our clients before appointing them as our Franchisee.

Planet Soda being the fastest growing Soda brand in India is known for its quality and wide range of products which are not available in any other competitive brand in the World.

Planet Soda is easily accepted by customers because of its wonderful tasting flavours which are provided with un-matched and consistent quality throughout its hundreds of outlets.

Planet Soda has a wide range of unique food products such as Fruit drinks, Ice creams and healthy cookies which can be combined and sold in all Planet Soda outlets to increase the footfall of customers thus generating more revenue to the Planet Soda or Planet Café franchisee.
